

**Flagg Creek Water Reclamation District
Brandywine Lift Station Sewer Extension
Request for Proposals**

The Flagg Creek Water Reclamation District is seeking Proposals to procure Professional Engineering Services for the design and bidding of the Brandywine Lift Station Sewer Extension project. Proposals are due by 11:00am on Wednesday, October 30, 2024.

The proposed project will include the decommissioning of Brandywine Lift Station by installing a sanitary sewer extension from the lift station site to a downstream interceptor.

Interested firms shall contact Mike Holland, District Engineer, via email at mholland@fcwrd.org or phone at (630) 468-6116 for further information or to obtain the Request for Proposals.
